

**EAST LIFESTYLE** At Dr Bhasin's East Lifestyle store, there is a happy marriage of nostalgia-evoking colonial furniture and a nod to modern tastes. So if you're looking for that one antique piece that will tie in your entire living-room decor, their Colonial Outpost range is justly famous for stocking dream finds. But so popular has the demand for contemporary lines become that East Lifestyle has now launched Sublime, a range of exclusive, no-fuss furniture with a personalised touch. As we all know, furniture is no longer an object of convenience these days, but an object of desire. It is an extension of one's personal choices and defines the owner's persona and lifestyle. So East Lifestyle houses everything you need to paint a picture of who you are, from furniture to accessories. East's Sublime is just that—magnificent, inspirational furniture that aspires to be distinct in its style and designs, innovative to the core and adventurous. The range of furniture is distinctively modern with bold forms, minimalist by nature, characterised by a touch of warmth. Details like rounded corners, bold carvings and some concepts of fusion form its essence. It is a unique blend of machine-age style and hand-crafted furniture. Visit East Lifestyle, 598, 2nd Main, Koramangala, Bangalore; Phone: 25719576.
